

Issue List

Add-on / TE	Category	Issue	Change Required	Priority
Find Files Empty folder	Result List	After the result list shows: - "Count bar" shows nothing. - "Status bar" shows nothing. - "Full path bar" cannot update. - "Size status bar" cannot update.	Fix	2-High
Flat Find Files Empty folder	Result List	After using this add-on to show a result list, an entry appears in History. Click the entry to re-open, but TE prompts that it cannot be opened.	Fix	3-Medium
History Speed Dial Clip Folder Label	Folder View	If: - the list has some result list entries, and - the initial sort will be by name (using "Folder Settings" or "Remember folder view settings") The name column will be sorted except the result list entries.	Fix	3-Medium
Remember folder view settings	Folder View	"Remember folder view settings" + "Speed Dial" When all tabs are closed, the speed dial list shows but does not follow the lastly used folder view.	Fix	3-Medium
